

Pilgrim Hospitality

On the May Day holiday, our Cursillo members provided lunch for a bus load of Cursillo Pilgrims returning from a trip to Mitchell and the nearby parishes, to get a taste of what ministry looks like in the west. It was a time to renew acquaintances and catch up on the events in many busy lives. Well done to those who prepared the foodstuffs!

Hall Painting Done

Ron Toms has worked diligently to complete painting both the outside and inside of the Frank Knight Centre. The inside shade matches the walls in the church and the outside colour was selected by a professional colour consultant to blend the brick of the church with the brick of the hall. With all the trims, it really looks great. Call Ron for a quote on 4662 2620.

The Pour Next Door

From 4.00am on Friday 11th May, a steady stream of cement trucks rolled into the school next door to pour the elevated foundation slab for the new two story school building.

It is a remarkable achievement to have the work bounding ahead only one year after the terrible ANZAC Day fire that gutted most of the old school. It is not directly our story, but we have travelled together as neighbours for over 150 years, so we rejoice with them in their new building.

Learn to Play

Wednesday afternoon after school, Annabel has been running free drum and guitar lessons for young people keen to explore a new instrument. The pay back is that they will help in the music team at family services and Kidz Church. (A few older folk have had a try themselves.)

Paying Our Way

Over the last twelve months we have been truly blessed with donations to restore the Frank Knight Centre to an acceptable state. This year we will be asking for a new priest to take our parish forward and we really need to demonstrate that we can make ends meet in paying our fixed running costs. So far we are quite a long way behind. The main difference has been the very large drop in donations that come in each year in the Lent and Easter period. Can you help?
